Employee Name: Ryan Dee Date: 09/21/2010 Time: 3:30 – 5:30

Found: Original mound of stone 3 ½ foot base, 4 feet high from original. Notes: Corner falls on west face of granite ledge, which I marked with a cross at the true point, CC east of cross with 6 grooves north, south, east of cross and raise a mound of stone east of corner. Unable to find 'cross' and 'cc' due to decomposition of stone. Therefore, I accept west side of stone mound as best evidence of corner position. No BT's. Corner is located on a very steep southeast slope on top of vertical rock ledge.
