

National Agricultural Imagery Program (NAIP) Montana 2015 Photo Dates

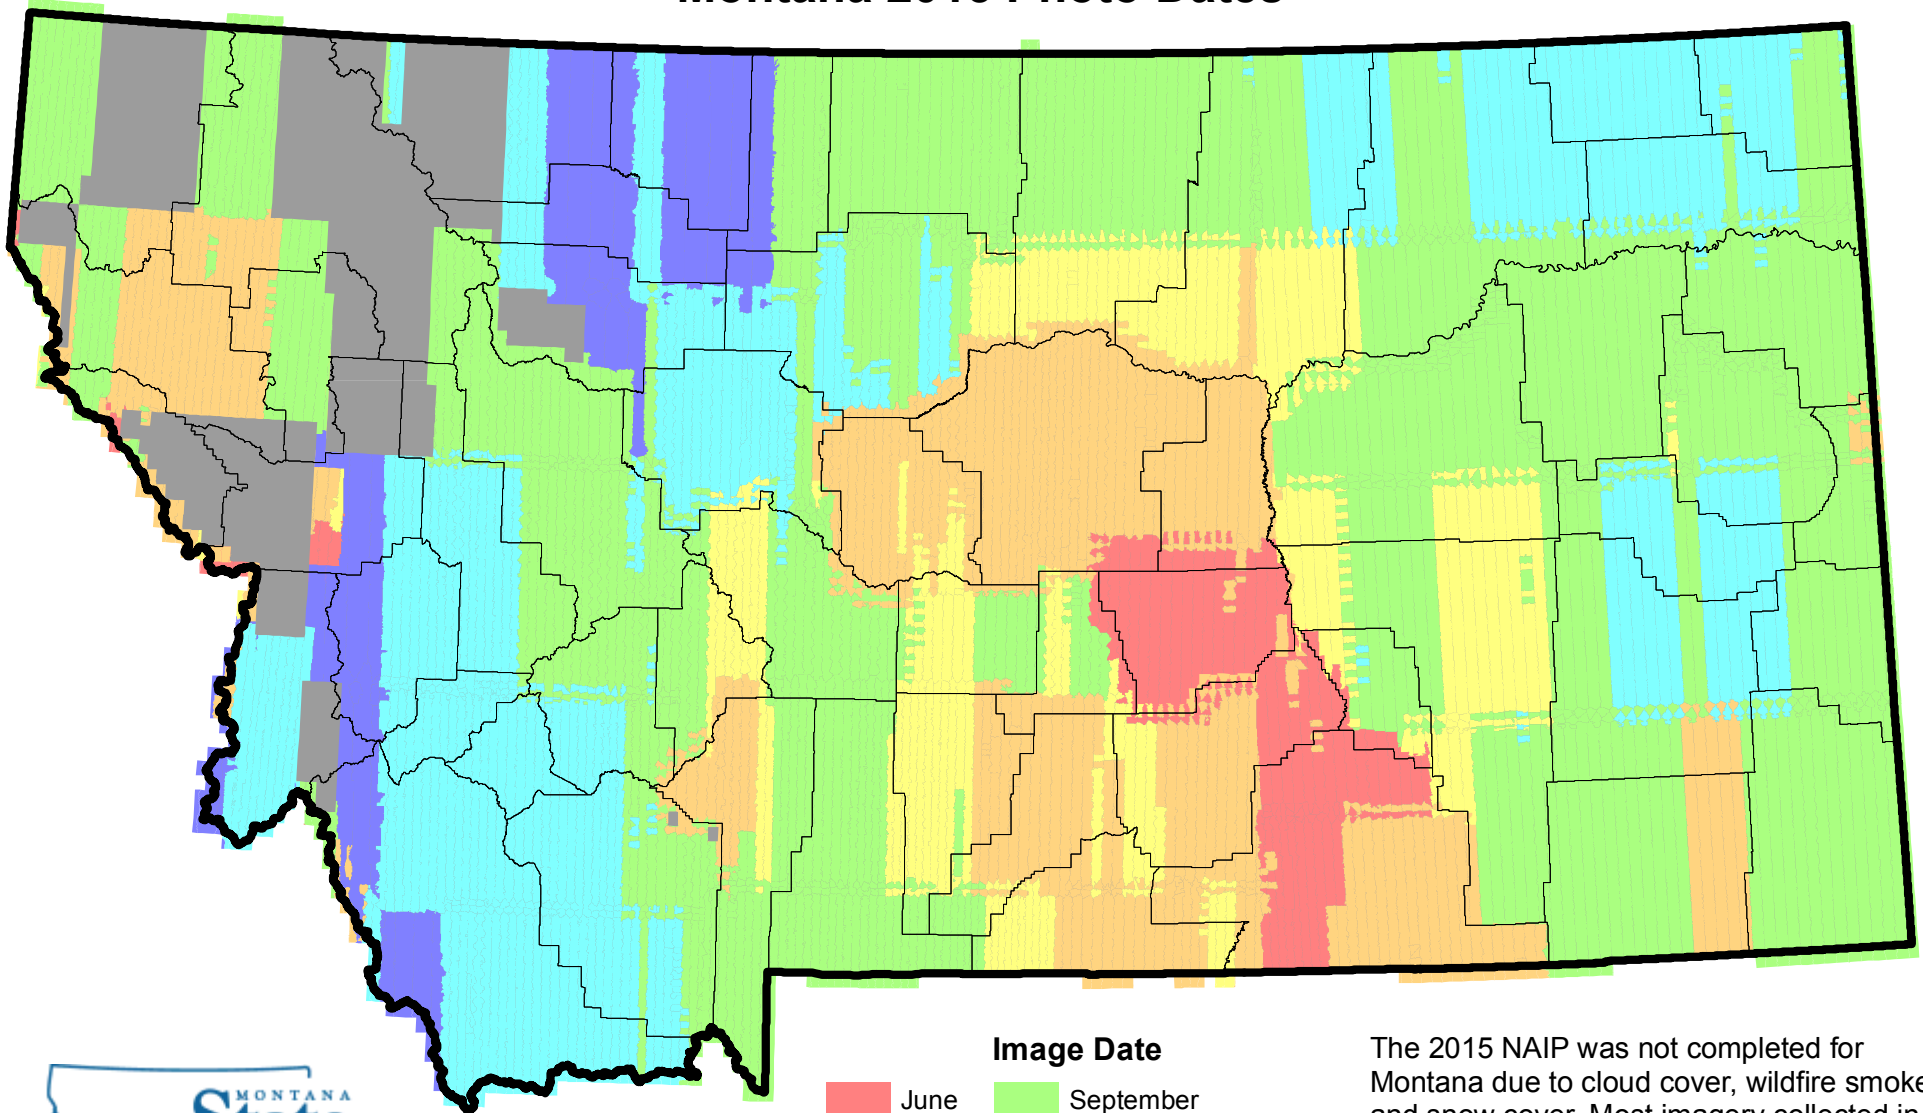

Image Date

- | | |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|
| June | September |
| July | October |
| August | November |
| Imagery Not Available | |

The 2015 NAIP was not completed for Montana due to cloud cover, wildfire smoke, and snow cover. Most imagery collected in November had significant snow cover.
