

# WILD HORSE LAKE Watershed Slope Classes from NED

- County Border
- Highway
- Fourth Code Watersheds
- $0 < X \leq 4$
- $4 < X \leq 10$
- $10 < X \leq 30$
- $30 < X \leq 45$
- $45 < X \leq 60$
- $60 < X \leq 90$
- Flat, 0

**SOURCE:**  
US Geological Survey National Elevation Dataset (NED) files. NED has been developed by merging the highest resolution elevation data available for the United States into a seamless dataset. The slopes displayed are derived from the NED solely to illustrate one application of the dataset. This slope data is intended to display slope patterns, rather than a particular point of slope.

This map is to be used as a primary reference source and is not intended for use in site - specific planning. This is public information and may be interpreted by organizations, agencies, units of government, or others, based on needs; however, they are responsible for the appropriate application. Federal, State, or local regulatory bodies are not to reassign to the Natural Resource Information System any authority for the decisions they make.
